

## 24" X 18" PLASTIC UTILITY TUB CART - TWO SHELVES STC11-B

Look no further for a high-quality, affordable utility cart. Constructed of a molded thermoplastic resin that won't stain, scratch, dent or rust, it's strong enough to support up to 300 lbs. Two 2.75" deep tub shelves help contain contents and a 26" clearance between the shelves leaves plenty of room for taller items. The top shelf has a molded handle that doubles as a cord wrap if you're hauling items that use power, which is easy to do with four heavy-duty rolling casters. The Luxor Two-Shelf Tub Cart: load it up and get going.

### Dimensions:
