

Avoid costly mistakes. Get it right the first time!

Improve cycle times, C.S.I. ratings, customer relations and reputation for quality.

Choose the right color and make sure it's the right match, make sure it's completely covered, make sure there are no pin holes, sand scratches, swirl marks, etc.

From minimizing concerns as scientific as metamerism to as simple as identifying pin holes before you apply primer or basecoat — the 3M™ PPS™ SUN GUN™ Color Matching Light will prove to be a value the very first time by reducing the chance of costly re-work or comebacks.

Each 3M™ PPS™ SUN GUN™ Color Matching Light Kit, PN 16400 contains the following components:

- One (1) 3M™ PPS™ SUN GUN™ Color Matching Light
- One (1) 3M™ PPS™ SUN GUN™ Color Corrective Bulb, PN 16399
- One (1) 3M™ PPS™ SUN GUN™ NiCad Battery Pack, PN 16398
- One (1) 3M™ PPS™ SUN GUN™ Battery Charger w/ Power Supply & Cord, PN 16396
- One (1) Durable Protective Carrying Case
