Specifications	
Rated Power:	1100 Watts
Temperature Range:	600°F & 1100°F
Cord Length:	6'

## 7" Variable Speed Electric Polisher AES-CT-6101

Perfect for correcting surface defects and producing professional, mirror-like finishes! Variable speed control adjusts smoothly between 1,000 and 3,000 RPM to dial in the perfect speed. A powerful 11 amp motor provides plenty of power to drive the precision gearing system inside the aluminum gear housing. The heavy duty ball bearing motor assembly provides smooth operation for precise application and predictable movement. Built-in 5/8"-11 spindle lets you quickly switch pads. For maximum control, choose between the included reversible bail grip and standard grip handles.

## 3/32" Electric Shear AES-44100

Cuts up to 3/32" thick material.

INDIVIDUALLY BOXED

Specifications	
Free Speed:	22,000 RPM
Rated Power:	380 Watts

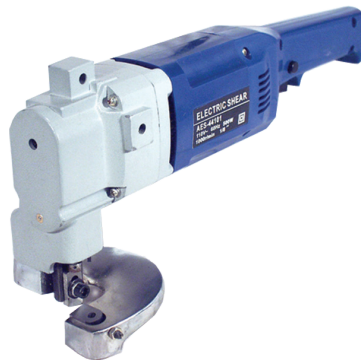

## 1/8" Electric Shear AES-44101

Cuts up to 1/8" thick material.

INDIVIDUALLY BOXED

Specifications	
Free Speed:	1,000 RPM
Rated Power:	500 Watts

## 1/2" Electric Impact Wrench AES-88200

Heavy duty industrial quality. Reversible 7.5 Amp motor. Rocker trigger for easy one-hand operation. Rugged die cast aluminum gear housing. Set includes: 11/16", 3/4", 13/16" and 7/8" impact sockets. High quality carrying case.

INDIVIDUALLY BOXED

Specifications	
Free Speed:	2,700 RPM
Max. Torque:	250 FT-LBS
