13 Pc. 12 Point SAE Flex Combination Ratcheting Wrench Set
for tooth ratcheneing box end needs a minimal $5^{\circ}$ to move tasteners vs. 30
for standard wrenches

- Off-corner loading design on box end provides better grip and reduces fastener rounding
Thin head and beam provide greater access in confined work areas
- Flexible head provides access to hard-to-reach bolts and fasten

Size convenien
identification
Manufactured from alloy steel for better strength and longer tool life
Bright, full polish chrome finish easily wipes clean and resists corrosion

- Meets or exceeds ASME and ANSI specifications
- Included rack for storage and organization

7 Pc. 12 Point SAE Stubby Flex Combination Ratcheting Wrench Set
72 tooth ratcheting box end needs a minimal $5^{\circ}$ to move fasteners vs.
Off-corner loading design on box end provides better gip and reduces tastener rounding

- Fexible head provides access to hard-to-reach bolts and fasteners

Thin head and beam provide greater access in conifined work areas

- Stuby beam length for when clearance is simited

Manuractured IIom aloy steel for better strength and longer tool life

- Meets or exceeds ASME and ANSI specifications
- Included tray for storage and organization
