GEARWRENCH[®]

No competitive pursuit depends on the skilled use of hand tools as much as motorsports, so it stands to reason that professional tool users have a special respect for these teams that depend on their mechanics as much as their drivers and riders. GEARWRENCH is currently a major sponsor of teams in three very different areas of motorsports...

GEARWRENCH first partnered with Chip Ganassi Racing in 2017 and the NASCAR team sponsorship has grown steadily ever since. The No. 1 GEARWRENCH Camaro is driven by NASCAR veteran Kurt Busch, generating millions of TV impressions for GEARWRENCH with every race and building brand loyalty with our core customers.

Formula Drift racing is rapidly gaining popularity with its young, diverse, and devoted fan base. GEARWRENCH is proud to support the RAD Industries Toyota Supra Team and driver/mechanic "Rad Dan" Burkett. Instantly recognizable with his trademark mohawk/mullet haircut, Rad Dan has a phenomenal relationship with his fans, and as a major social media influencer in the Formula Drift community, is an outstanding brand ambassador for GEARWRENCH.

In 2021, GEARWRENCH is also sponsoring the Monster Energy Kawasaki Race Team in the Monster Energy Supercross Series. The top-ranked Kawasaki team is led by reigning Supercross champion and three-time AMA Pro Motocross champion Eli Tomac with teammate Adam Cianciarulo.

GearWrench started in 1996, when we developed a ratcheting wrench that stood up to professional environments – the “Original” combination ratcheting wrench.

Noticing the need for more ratcheting options, we quickly expanded to stubby and double box as these were traditional non-ratcheting wrench configurations.

The Reversible and Flex style wrenches were born from our users feedback, looking for a solution to working in tight spaces.

As more professionals began to use ratcheting wrenches, we spent time solving more access problems and introducing other wrench styles.

Having success in wrenches, we began to integrate ratcheting mechanisms into screwdrivers and other traditionally non-ratcheting tools.

GearWrench has continued to innovate products by adding productivity features to products like pry bars, hemostats, tool boxes, and ratchets.

1995

- THE “ORIGINAL” COMBINATION RATCHETING WRENCH
- STUBBY RATCHETING WRENCH

2000

- REVERSIBLE RATCHETING WRENCH
- FLEXIBLE RATCHETING WRENCH
- STUBBY FLEX RATCHETING WRENCH
- S-SHAPE RATCHETING WRENCH
- QUADBOX RATCHETING WRENCH
- DOUBLE BOX RATCHETING WRENCH
- GEARRATCHET VORTEX SOCKET SYSTEM

2005

- RATCHETING XL LOCKING FLEX WRENCH
- GEARDRIVER INTERCHANGABLE SHAFT SYSTEM
- RATCHETING TAP & DIE
- SCREWDRIVERS

2010

- X-BEAM RATCHETING WRENCH
- OPEN ENDED RATCHETING WRENCH
- INDEXING RATCHETING WRENCH
- FULL POLISH RATCHET
- INDEXING PRY BAR
- STANDARD, DEEP, & BIT SOCKETS

2015

- RATCHETING FLEX FLARE NUT WRENCH
- RATCHETING CROWFOOT WRENCH
- LED LIGHTING
- 120XP FLEX HEAD RATCHET
- 120XP MICROMETER TORQUE WRENCH

2020

- EOLYENTER EXTRACTION SOCKETS
- 90T DUAL MATERIAL RATCHET

2 Pc. 1/4" and 3/8" 90-Tooth Dual Material Flex Head Teardrop Ratchet Set

- 90-tooth gear delivers a 4° swing arc to turn a fastener in tight confines
- Teardrop, low-profile head and flush-mounted on/off switch allow better access in tight spaces
- 6 Position flexible head provides access for hard to reach fasteners
- Dual material comfort grip handle
- Enclosed head design for extreme resistance to dirt infiltration
- Precision engineered high strength pawl for increased durability
- Highly visible on/off markings on the head
- Bright, full polish chrome finish easily wipes clean and resists corrosion
- Meets or exceeds ASME specifications

Cat. No.	Included Storage	Product Weight
81204T	Tray	1.550 lb

Cat. No.	Description
81009T	1/4" Drive 90-Tooth Dual Material Flex Head Teardrop Ratchet 8"
81210T	3/8" Drive 90-Tooth Dual Material Flex Head Teardrop Ratchet 13"

3 Pc. 1/4", 3/8" and 1/2" 90-Tooth Locking Flex Head Teardrop Ratchet Set

- 90-tooth gear delivers a 4° swing arc to turn a fastener in tight confines
- Teardrop, low-profile head and flush-mounted on/off switch allow better access in tight spaces
- Locking flex-head with 9 locked positions and unlocked option for adjustable access angle
- Enclosed head design for extreme resistance to dirt infiltration
- Precision engineered high strength pawl for increased durability
- Highly visible on/off markings on the head
- Bright, full polish chrome finish easily wipes clean and resists corrosion
- Meets or exceeds ASME specifications
