**ROUGH UP
THE
ERASER PAD
ON A HARD
SURFACE.**

The pad's top surface should be at about a 90° angle to the surface.

With the tool running, bring the edge of the pad in contact with the material that you wish to remove. Only use the outer corner of the eraser pad.

**SHOULD NOT EXCEED
MAXIMUM 4,000RPM**

Carefully screw the pad into the tool mandrel.

**MADE IN
THE USA**

ONLY USE THE 500E

Rapid Eraser Pad on the Astro model 500ET - Adhesive Removal Tool

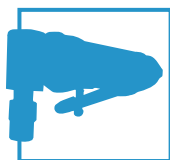

Features a new and improved chemical compound that makes it more aggressive in the removal of pinstripes, decals, and double-sided tapes.

Enhanced system promotes faster removal times with less pressure required by the user dramatically reducing operator fatigue during expedited removal.

Model	Pad Size	Double-Sided Tape & Decal Removal	Pinstripe Removal
500E	4"	Maximum 4000RPM	Maximum 2000RPM
