and Pocket Clip**

MANTIS (Model No. LNCMINI) by **Light-N-Carry** is an ultra-compact COB LED Work Light that is small enough to fit in your pocket with ease, but still powerful enough to illuminate work areas in low-light situations.

MANTIS features three light settings: a 110 Lumen work light high setting, a lower 35 Lumen setting, and a 60 Lumen SMD LED focus beam for pinpoint light accuracy. It features a sealed water resistant housing, protecting the light from water damage and other mishaps. Add the magnetic bottom mount, with 180° swivel action, and you have a go-anywhere, do-anything light that's dependable and long lasting.
