

**A - DynaJet In-Line Blow Gun - Safety Tip**

Purges air lines of water and contaminants before starting air tool. Clean off work pieces after grinding and sanding. Meets O.S.H.A. requirements which limits air pressure to 30 PSIG.

P/N 76003

**B - DynaJet In-Line Blow Gun - Standard**

P/N 76002

**A - Push-Button Quick Coupler and Plug Set**

Lightweight 1.4 oz, non-marring composite material. Heavy-duty construction.

P/N 76004: 1/4" Female Coupler to 1/4" Male Plug

**B - Pull-Back Steel and Brass Coupler/Plug Set**

Durable nickel-plated steel and brass construction. Pull back on sleeve of coupler for quick disconnect of tool from air line.

P/N 76005: 1/4" Female Coupler to 1/4" Male Plug

**Cut & Polish Head Kit**

Switch easily between two actions no need to remove head from tool. Rotary for "cutting" and random for "final finishing". Fits tools with 5/8"-11 spindle.

P/N 61384

**Lightweight 8 mm I.D. Air Line Assembly**

Air line is 66% lighter than conventional hoses. High flexibility and narrow bending prevents choking. Includes one male and one female fitting.

P/N 76018: 5' Length

P/N 76019: 2' Length

**DynaSwivel® 1/4" Air Line Connector  
Never Fight an Air Hose Again**

DynaSwivel® rotates 360° at two locations allowing air hose to drop straight to the floor, no matter how the tool is held.
