## OUTFITS

### OxyFuel 350 Heavy Duty Outfit

#### FEATURES:

- High performance, complete system that meets or exceeds industry standards
- Superior 350 Series high flow color coded regulators
- Complete handle and cutting attachment optimized for multiple gases
- Up to 6" cutting capacity and 1/2" welding
- Flexible versatile platform
- Includes flashback arrestors

Part No.	Description
0384-2682	OxyFuel 350 Oxy-Acetylene Outfit (Box)
0384-2684	OxyFuel 350 Oxy-Acetylene Outfit (Clamshell)

### OxyFuel 250 Medium Duty Outfit

#### FEATURES:

- High performance, complete system that meets or exceeds industry standards
- High performance 250 Series color coded regulators
- Complete handle and cutting attachment optimized for multiple gases
- Up to 5" cutting capacity and 1/2" welding
- Flexible versatile platform

Part No.	Description
0384-2571	OxyFuel 250 Oxy-Acetylene Outfit (Box)
0384-2572	OxyFuel 250 Oxy-Acetylene Outfit (Clamshell)

### OxyFuel Totes

#### FEATURES:

- Complete portable system
- Cutting torch and handle are ready for multiple gas options; Oxy-Acetylene, Propane, Butane, Natural & LP Gases, & Propylene
- Simple to use regulator with high contrast gauges
- Meets or exceeds industry safety standards
- Cut 1/8" (3.2 mm) to 3" (76.2 mm) steel
- Heat using multiple heat nozzles
- Weld up to 1/4" (6.4 mm) Steel
- Constructed with high strength alloys, heavy duty stainless steel and durable brass

NOTE: TANKS ARE FOR EXCHANGE ONLY AND ARE EMPTY

Part No.	Description
0384-0995	Tote with tanks (empty)
0384-0996	Tote without tanks
1421-0085	Cylinder Tote Only (below)

### Tote Tanks/Regulators

Part No.	Description	Part No.	Description
0916-0032	AC-MC Type 10 ft. <sup>3</sup> 200 CGA	0916-0033	OX-20 Oxy Tank 20 ft. <sup>3</sup> 540 CGA
0781-8965	Acetylene Regulator 200 CGA 2-15 PSIG	0781-8966	Oxygen Regulator 540 CGA 4-60 PSIG

## SINGLES

### Replacement Torch Kit

#### FEATURES:

- Cutting torch and handle are ready for multiple gas options; Oxy-Acetylene, Propane, Butane, Natural & LP Gases, & Propylene
- Ergonomic color coded knobs (Acetylene & Oxygen)
- Meets or exceeds industry safety standards
- Cut 1/8" (3.2 mm) to 5" (127 mm) steel
- Heat using multiple heat nozzles
- Weld up to 1/2" (12.7 mm) steel
- Constructed with high strength alloys, heavy duty stainless steel and durable brass

Part No.	Description
0384-2573	OxyFuel 250 Torch Replacement Kit

## Singles

#### FEATURES:

- Meets or exceeds Industry Standards
- Attaches quickly and easily to OxyFuel handle (no tools required)
- Cutting oxygen lever securely fitted to the body for ease of operation
- High strength triple stainless steel tube construction with good cutting visibility
- Multi gas operation: Oxy/Acetylene, Propane, Butane, Natural/LP & Propylene
- Cutting capacity up to 6" (350)

#### FEATURES:

- Meets or exceeds Industry Standards
- High strength durable brass and alloy handle
- High precision valves for sensitive control for delicate welding jobs
- Easy light up for high flow heating applications
- Multi gas operation: Oxy/Acetylene, Propane, Butane, Natural/LP & Propylene
- Left and right hand threads prevent incorrect hose connection
- Color coded control knobs are fitted for maximum safety and ease of use, even when wearing gloves

Part No.	Description
0381-0760	OxyFuel 350 Cutting Attachment
0381-0759	OxyFuel 250 Cutting Attachment
0382-0358	OxyFuel 250-350 Torch Handle

## REGULATORS

#### FEATURES:

- High performance single stage regulator with precise pressure and flow control
- Large clear gauges enable both inlet and delivery pressures to be read at a glance
- Clear color coding for the correct gas usage
- Forged brass body and High strength alloy bonnet
- Meets or exceeds industry standards
- 9/16" -18 outlet connection (LH)
- Max flow rated - 2000 SCFH (350)
- Two year warranty

Part No.	Description
0781-9826	250 Oxygen Regulator 540 CGA
0781-9829	350 Oxygen Regulator 540 CGA

#### FEATURES:

- High performance single stage regulator with precise pressure and flow control
- Large clear gauges enable both inlet and delivery pressures to be read at a glance
- Clear color coding for the correct gas usage
- Forged brass body and High strength alloy bonnet
- Meets or exceeds industry standards
- 9/16" -18 outlet connection (RH)
- Max flow rated - 5000 SCFH (350)
- Two year warranty

Part No.	Description
0781-9827	250 Acetylene Regulator 510 CGA
0781-9830	350 Acetylene Regulator 510 CGA
