

Huck AK 175A Power Set Pneudraulic Riveter

Competitive Advantages of the AK 175

- Compact, light (28oz.) and yet more powerful than many of the old style riveters
- Develops 3,500 lbs. of pulling force
- All American design
- Unique jaw system allows tools to set the full range of rivets, 1/8" thru 1/4", by merely changing the nosepiece
- Operates for best performance between 90 and 120 psi air pressure
- Full 5/8" travel allows most rivet installation in one cycle
- Ideal for maintenance, repair and light production
- State of the art design allows the AK 175 to be priced significantly less than competitive tools
