12V Sander and Polisher

The 12V sander and polisher is a multi-purpose surface prep and finish tool. Great for sanding brake motors, removing gaskets, polishing bumpers, or restoring headlights, this cordless multi-tool is as versatile as it is powerful.

Features

- **VERSATILE:** Equipped with a 2-speed gearbox, you have full control over the speed settings, so every job can be done the way you want.
- **INCREASED PRECISION:** Thanks to its side handle and ergonomic design, the 12V sander and polisher is easy to grip and easy to maneuver, allowing you to move precisely and efficiently.
- **PERFORMANCE:** Able to reach hard-to-access spots and equipped with a spindle lock to change accessories faster and easier, this sander will help you tackle anything.
- 2-speed gearbox and 2" and 3" backing pads give you maximum versatility
- Quick-change spindle-lock eliminates the need for additional tools

- r2.0 Li-Ion battery with fuel gauge for battery charge visibility, so you can better prepare to get more work done with this cordless sander and polisher
- Compact design makes operation and access easier in tight spots so you can perform even the most detailed work with this cordless sander and polisher
- Significantly lower noise levels compared to pneumatic alternatives make ear plugs optional in the workplace
- Impact- and chemical-resistant housing protects against repeated drops and exposure to shop fluids
- Patented soft-mount system reduces vibration for extended motor and switch life.
- Ergonomically designed small-handle grip helps reduce operator fatigue during extended use of this cordless sander and polisher
- Optimized for the vehicle repair industry, heavy trucks, tire lanes, body shops, and MRO
- 3-year warranty
