

JCT-5670, 1/2" INDUSTRIAL AIR DRILL

550670

JET® Pneumatic Drills are a compact, heavy-duty industrial design, engineered for quality, durability and versatility. JET Pneumatic Drills feature an enclosed D-handle and a built in teaser throttle for improved grip and precise control. The included dead handle can be attached to either side of the tool for improved versatility

FEATURES

- Industrial gear train for high torque drilling applications
- Industrial Jacobs chuck transfers torque when needed
- Ergonomic "D" style handle with inside teasing trigger
- External mounted Zerk® grease fittings feed lubricants to the industrial bearing design
- Auxilliary handle can be mounted on either side for increased operator control
- Performance @ 90 PSI. Air Inlet NPT 3/8". Min Hose Size 1/2"

JET RED ASSURANCE 2-YEAR WARRANTY

JET warrants every product it sells. If one of our tools needs service or repair, one of our Authorized Service Centers located throughout the United States can give you quick service. In most cases, any of these JPW Industries Authorized Service Centers can authorize warranty repair, assist you in obtaining parts, or perform routine maintenance and major repair on your JET tools. For the name of an Authorized Service Center in your area call 1-800-274-6848.
