

18232 OFFSET FUNNEL WITH SPOUT CAP AND LID

17232 RIGHT ANGLE FUNNEL

10" Tall Translucent Funnel with a 6-3/4" Offset from Center of Mouth to Center of Spout for Hard-to-Reach Applications.

Useful for adding brake fluid to master cylinders on mini-vans, adding gear lube to differentials, filling the DEF reservoir on GM Duramax diesels as well as other applications.

18232 Offset Funnel with Spout Cap and Lid. Color Label. Shipping wt. 8 oz.

17232 Right Angle Funnel. Color Label. Shipping wt. 4 oz.

17242 Retro Upgrade Kit for 17232 18242 Lid, Black

18252 Nozzle 19692 Spout Cap, Black

19802 THREADED OIL/ TRANSMISSION FUNNEL

Hands-Free Filling on Threaded Valve Cover Openings.

Two-piece design can be used separately or threaded together for a long super funnel. The larger section screws into threaded oil filler openings, found on many Ford pickups and Dodge, Jeep & Chrysler cars, mini vans & SUVs. This holds the funnel upright for quick, mess free oil fills. Also works on some Honda, Acura and Nissan vehicles. The diameter of the smaller funnel is narrow enough to fit even the smallest applications including transmission filler holes.

19802 Threaded Oil/Transmission Funnel. Color Label. Shipping wt. 4 oz.

19832 1.6 QT. PLASTIC FUNNEL WITH LID & SPOUT CAP

Handy 1.6 qt. Polypropylene Funnel has a Removable 9" Flexible Spout and Narrow Design for Hard-to-Reach Applications.

Includes a lid and spout cap to keep contaminants out. A 4" opening for the lid creates a lip to prevent excess fluid from dripping out of the top when the funnel is laid down after use. Translucent material allows the technician to see the fluid inside the funnel.

19832 1.6 qt. Plastic Funnel w/Lid & Spout Cap. Color Label. Shipping wt. 7 oz.

19682 Lid 19692 Spout Cap

19742 White Spout & Threaded Collar

17182 SMALL FLUID EXTRACTOR PUMP

Effective when Evacuating or Topping Off the Brake Master Cylinder.

The extra small design allows the tool to be used with other small reservoirs like power steering, coolant reservoirs and transaxles. Pump has 4oz (.12qt/120cc) fluid capacity. Includes adapter to bleed brake master cylinder more efficiently.

17182 Small Fluid Extractor Pump. Box with Label. Shipping wt. 8 oz.

17192 Replacement 4oz. Pump 17202 Hose and Adapter

17212 Tapered Bleeder Nozzle 17222 Replacement Seal for 17182
