

PO5000CX2

5" Dual Action Random Orbit Polisher

  [FIND LOCAL](#) [SHOP ONLINE](#)

POWER : Conveniently located speed dial (0 - 6,800 OPM) enables operator to match speed to application

VERSATILITY : Dual Action: "Random Orbit with Forced Rotation" or "Random Orbit with Free Rotation"

ERGONOMICS : Ergonomically designed knob handle provides precision and control in a variety of applications

DURABILITY : Air vent intake covers help prevent fibers from entering the motor

INCLUDES : 5" hook-and-loop backing pad, 5-1/2" white, orange & black foam polishing pads, 21" tool bag and hex wrench

ABOUT MODEL

Makita polishers are preferred by automotive detailers and marine enthusiasts, and the 5" Dual Action Random Orbit Polisher (PO5000C) is packed with enhanced features for consistent performance, job after job. The dual action control offers "random orbit with forced rotation" or "random orbit with free rotation", and the variable speed control dial has five speed settings so users are able to set the speed and action to the application. Additional performance features include an electronic controller that automatically applies additional power to maintain constant speed, even under load, and also provides soft start for smoother start-ups and longer gear life. For added convenience the Polisher has an ergonomic knob handle and rubberized back handle with lock-on switch, and a rubberized tool rest for upside-down placement of the tool. It is ideal for commercial-

Model PO5000CX2 is a kit and includes the 5" Dual Action Random Orbit Polisher (PO5000C), as well as 3 foam pads and a tool bag.

FEATURES

- Powerful 7.8 AMP motor delivers more output and variable (0 - 780) RPM
- 7/32" (5.5mm) orbit diameter provides a swirl-free finish
- Conveniently located variable speed control dial (0 - 6,800 OPM) enables the operator to match the speed to the application
- Electronic controller provides constant speed control which automatically applies additional power to the motor to maintain speed under load
- Electronic Controller provides soft start which is designed to suppress start-up reaction for smooth start-ups and longer gear life
- Air vent intake covers help prevent fibers from entering the motor
- Ergonomically designed knob handle provides precision and control in a variety of applications
- Rubberized back handle with conveniently located lock-on switch for continuous use and increased operator comfort
- Cord guard for increased flexibility and longer life
- Rubber tool rest for upside down placement of tool

INCLUDES

- (1) Hex Wrench (783203-8)
- (1) 5" Plastic Backing Plate, Hook & Loop (197923-2)
- (1) 5-1/2" Hook and Loop Foam Polishing Pad, White (T-02668)
- (1) 5-1/2" Hook and Loop Foam Polishing Pad, Orange (T-02674)
- (1) 5-1/2" Hook and Loop Foam Polishing Pad, Black (T-02680)

SPECS

Pad Size (round) :	5"
AMPS :	7.8
No Load Speed (variable speed) :	0 - 780 RPM
Orbits Per Minute (variable speed) :	0 - 6,800 OPM
Orbit Diameter :	7/32"
Variable speed dial :	Yes
Vibration (m/s²) :	4.5
Overall Length :	17-3/4"
Net Weight :	6.2 lbs.
Shipping Weight :	12 lbs.
UPC Code :	088381-832649
