

XRJ04Z

18V LXT® Lithium-Ion Cordless Recipro Saw, Tool Only

  [FIND LOCAL](#)  [SHOP ONLINE](#)

SPEED : Makita-built motor delivers 0-2,800 strokes per minute and a 1-1/4" length stroke for faster cutting

CONVENIENCE : "Tool-less" blade change allows for faster blade installation and removal for increased productivity

COMFORT : Rubberized soft grip handle provides increased comfort on the job

PERFORMANCE : Refined crank mechanism design minimizes blade deflection and reduces vibration

INCLUDES : Tool only (battery and charger not included)

ABOUT MODEL

The Makita 18V LXT® Lithium-Ion Recipro Saw (tool only) combines cutting speed with convenience features for faster, more efficient cutting. It's powered by the industry's fastest charging 18V lithium-ion batteries (sold separately), allowing users to remain in one battery platform and use the same fast-charging 18V batteries on the XRJ04Z as they use across the Makita 18V LXT® cordless tool line-up.

The XRJ04Z is equipped with efficiency features for faster cutting. The long 1-1/4" stroke length increases cutting efficiency, and the refined crank mechanism design minimizes blade deflection and reduces vibration. Convenience features include a large two-finger variable speed trigger, electric brake, and "tool-less" blade change for faster blade installation and removal.

FEATURES

- Makita-built variable speed motor delivers 0-2,800 strokes per minute and a 1-1/4" stroke length for faster cutting
- "Tool-less" blade change system allows for faster blade installation and removal for increased productivity
- Variable speed trigger for added convenience
- Compact and ergonomic design at only 19-1/8" long
- Weighs only 8.3 lbs. with battery (battery not included) for reduced operator fatigue
- Rubberized soft grip handle provides increased comfort on the job
- Large two-finger trigger for operator convenience
- Electric brake for maximum productivity
- Refined crank mechanism design minimizes blade deflection and reduces vibration
- Extreme Protection Technology (XPT™) is engineered for improved dust and water resistance for operation in harsh conditions

INCLUDES

(1) Recipro Saw Blade

SPECS

Length of Stroke :	1-1/4"
Max. Cutting Capacity (wood w/ 12" blade) :	10"
Max. Cutting Capacity (pipe) :	5-1/8"
Strokes Per Minute (variable speed) :	0 - 2,800 SPM
Overall Length :	19-1/8"
Battery :	18V LXT® Lithium-Ion
Net Weight (with battery) :	8.3 lbs.
Variable speed dial :	No
Built-in clutch :	No
Orbital settings :	No
Power Type :	Cordless
Form Factor (LXT) :	18V LXT®
Motor Type :	Brushed
Shipping Weight :	8.42 lbs.
UPC Code :	088381-806831
