

- Used to remove metal or plastic self-tightening hose clamps
- Enables user to reach, remove & lock clamps into the open position
- Easy and comfortable to use with a ratchet slide glide and ergonomic bi-material handles
- 28620: This forged clamp works on all types of spring clamps, including automotive, marine, aviation and today's heavy-duty spring clamps on larger vehicles. Features patented ratcheting which provides user with infinite locking positions. Double hinged locking mechanism adds leverage for less user fatigue.
