

Pig Blue® Absorbent Mat Pad

BLU101 Heavyweight, 15" x 19", 100 pads

Soaks up common industrial liquids and delivers more absorbency per pad so you use less, leave it down longer and save money.

- Clean up big, persistent leaks and drips, especially in hard-to-reach areas with our heavyweight absorbency pads -- they pack more absorbency than anything else we offer to save you money and give you a clean, safe workplace
- Stays down longer because it can absorb so much! Pig Blue is perfect for steady leaks and drips and in areas where changeouts are difficult, like under machines or generators or in hard-to-reach areas
- Saves you time and money by soaking up large volumes and staying down longer; it won't fall apart, even when it's soaked and absorbs liquid quickly for faster, easier cleanups
- Absorbs most common industrial liquids - oils, coolants, solvents, water and more
- Perforations allow you to tear off small or large pieces
- Eco-friendly mat contains 90% recycled fibers
- Fire retardant for added safety; flame-tested in accordance with ASTM Standard E84-08
- Mats take on the properties of absorbed liquids
 - always take proper precautions when handling saturated absorbents
