SEAT BELT BRUSH

BLUGATOR™

“THE SEATBELT BRUSH”™

2 Sides are better than 1 with the patent pending **BLUGATOR™** Seatbelt Brush. No need to flip the seatbelt to get both sides clean. The **BLUGATOR™** Seat Belt Brush cleans both sides at the same time. The **BLUGATOR™** Seatbelt Brush features soft, durable nylon fibers not affected by most chemicals. Use with your recommended seatbelt cleaner. The **BLUGATOR™** Seatbelt Brush gently and effectively scrubs away grime, food stains, make-up, lipstick and much more to renew the look of your seatbelt.

To use The **BLUGATOR™** Seatbelt Brush, completely extend strap of seatbelt and secure with spring clip to prevent strap from retracting. Dip brush into soapy water or spray your favorite cleaner on the strap (use what is recommended for your seatbelt). Place seatbelt strap between the brushes and, with light pressure, scrub seatbelt with the **BLUGATOR™** Seatbelt Brush. Work from top to bottom of the strap. Rinse off seatbelt strap and dry with a towel. Remove spring clip to allow strap to fully retract once dry.

- 2 sided scrub brush.
- Scrubs away food stains, make-up and much more.
