

# Black Ice T401 Silicon Carbide

Premium abrasive grain

Flexible, specially-treated backing

Consistent finish is easy to buff

- Specially treated waterproof paper does not require soaking, is curl resistant and will not deteriorate
- Premium abrasive grain lasts long and cuts fast
- Ultra flexible backing resists cracking, tearing and wrinkles
- Advanced coating process for a consistent scratch pattern that buffs out faster

### Sheets and Discs

Norton Black Ice works great wet or dry and gives the same cut no matter how you use it. If you prefer the paper to be wet, just a spritz of water is all that's needed. Or, if you like to soak your paper, go ahead because Norton Black Ice has curl resistance built right in so it stays flat and Norton Black Ice will not deteriorate, no matter how long you leave it in water.
