

GREEN ZIRCONIA MINI GRINDING DISCS

Longer life than Zirconia or Aluminum Oxide discs, these are great for a multitude of uses where a heavy duty abrasive is required. Excels on extra hard metals such as stainless steel.

CERAMIC MINI GRINDING DISCS

Ceramic is the longest life grain available. This product has a laminated, tough backing for extra longevity. It eliminates the shredding or snagging you will experience with pressure sensitive discs. Use for grinding and finishing of stainless steel, high alloy steels, chrome, nickel and titanium.
