

**2 TON-4400 LB CAPACITY HEAVY DUTY TRANSMISSION JACK**

**MODEL 3180A**

- The only Heavy Duty transmission jack with a rated capacity of over 2 tons
- 8.5" low height provide additional low profile solutions
- Fully adjustable saddle with maximum tilt for easier alignment
- Adjustable corner brackets provide extra versatility
- Extra-long 32" handle rotates 360° around pump
- Rugged industrial grade 4" casters for smooth transportation and easy mobility
- Convenient side tray to store small tools and parts
- Safety chain included
- Safety overload system prevents jack from being used beyond its rated capacity

MODEL	CAPACITY (LBS)	LOW HEIGHT	HIGH HEIGHT	FRONT TILT	REAR TILT	SIDE TILT	HEAD WIDTH	HEAD LENGTH	WIDTH	LENGTH	SHIP WEIGHT
3180A	4400	8.5"	34"	15°	30°	12°	12"-18"	16"-20"	26"	43"	374 lbs

**TRANSMISSION JACK ADAPTER SET**

**MODEL 3181**

- Ideal for use with AFF's model 3180A Heavy Duty Transmission Jack
- Works with a wide variety of different truck transmissions including Eaton® and Fuller®
- Comes with 6 adapter bars (4 small, 2 large) 4 positioning screws, and 2 securing chains

**FUEL TANK ADAPTER**

**MODEL 3198**

Converts AFF Model 3052, 3052A, 3102, and 3102A transmission jacks to remove and install fuel tanks.

- 4" x 5.75" diameter saddles adjust from 19.75" to 31.75"
- Includes two safety straps and two grounding cables.
- 80 lb. capacity
- Ship weight 59 lbs

**2,500 LB Capacity Power Train Lift/Table**

**MODEL 3182**

This lift handles transmissions and fuel tanks as well as engines, transaxles, large electric vehicle batteries, and more. It also serves as a work table where components can be lowered to a stable and secure work height for on-site repair.

- Safety latches at 30%, 50%, and 80% of max height provides additional operator safety
- Air assist foot pump with 9' extension allows access anywhere around the work area and provides hands free operation
- Scissor lift design allows access to all four sides of the component
- Table top height from 33" to over 77"
- 2 heavy duty ratchet tie downs are included to safely secure the load
- 8" diameter swivel casters for easy maneuverability
- Rear wheels can be locked to prevent rolling.
- Safety overload system prevents lift from being used beyond the load limiting standard
- Meets current ASME/PALD
