

Gerson® N95 Disposable Respirators

Gerson disposable respirators are produced from state-of-the-art filtration media, electrostatically charged to enhance filtration and provide low breathing resistance for more comfortable use. The double-shell construction is collapse resistant and will withstand hot humid conditions for extended product life and economy.

1730 N95 Particulate Respirator

Features durable, latex-free ultrasonically welded headstraps to withstand tough use. Adjustable contoured aluminum nosepiece and a soft open cell foam nose cushion helps ensure proper fit and increased worker comfort.*

#081730:
20 respirators/box,
12 boxes/case, 240 units

Automotive Pack

#081730A:
20 respirators/box,
8 boxes/case, 160 units

2737 N95 Particulate Respirator with Sure-Fit™ Nose Cushion

This unique low profile design and Sure-Fit triangular nose cushion of soft, closed cell foam, will provide exceptional worker comfort.* Strong, stapled head-straps for long life and comfort.

#082737: 20 respirators/box, 10 boxes/case, 200 units

* OSHA regulations require fit-testing of respirators prior to use in order to determine if proper fit is attainable. Individual facial features may prevent proper fit.
