Rev. 4/1/15

H.D. Body Mate Jack Set - 77003

The Keysco Body Mate Jack set is a compact and powerful jack set for use in tight, knuckle busting areas. The Body Mate is designed for pushes and pulls of front end work, roof bracing, rails and bumper alignment. All attachments are fully plated and internal jack components are hardened steel for long life and durability.

Key	Part No.	Description	Qty.
1	77005	14" Friction Rod	1
2	77006	3/4" Extension Tube Coupler	2
3	77007	Gold Puller Feet	2
4	77008	3/4" Push Cap	2
5	77009	6" Extension Tube	1
6	77010	9" Extension Tube	1
7	77011	12" Extension Tube	1
	77002	Jack Head Repair Kit	

To change directional force (push v. pull) of jack body, put slight pressure on exposed trigger plates (do not use handle) and remove rod from jack body, then insert rod in opposite direction in jack body. Both ends of the jack body are threaded for inserting extension tubes. Unit comes with rod inserted in the PUSH position.

WARNING!

**Always use eye protection when using this tool.
Do not use any parts on other pulling equipment.**
