Todd Low-Boy 17 Gallon Oil Drain

The Todd Low-Boy Oil Drain rolls under trucks or buses to drain oil or anti-freeze with ease. The Todd Low-Boy Oil Drain is constructed of rugged heavy-duty polyethylene that will resist rust and dents. The polyethylene body is translucent for viewing of the fluid level and rolls easily on 4 casters. The gravity drain valve is recessed and the wire screen in the pan prevents foreign matter from entering into the reservoir. 8"H, 25"W, 46"L. Shown with optional 115v Evacuation Kit.

Product Numbers:

Low-Boy Oil Drain: 2400-34

Evacuation Kit: 2400-36.

Low-Boy Oil Drain with an Evacuation Kit: 2400-37.
