

ANTIFREEZE TESTERS

W1655C

Color coded balls for easy readings.

W1656C

Freezing to boiling points for anti-freeze, calibrated in °C and °F.

W1660C

Easy to use, precise color coded glass float indicates anti-freeze content.

W1654C

Color coded indicator float.

Item #		IP	MP	PKG
W1656C*	Dial	6	72	CRD

PLASTIC RADIATOR FILLER

- Tough polyethylene won't damage automotive finishes.
- Impervious to oil, gasoline and antifreeze.

Item #	IP	MP	PKG	Capacity
W54273*	1	4	LAB	2.5 Gallons

A/C R134A MANIFOLD TEST KIT

- 50" hose length.
- High quality brass fittings.
- 0-120 psi low side,
- 0-500 psi high side.
