

Trap Seals

Available in 4 sizes to fit a wide variety of drains!

High-Quality

Can be used for new construction or retrofit applications. Made with durable EPDM, Jones Stephens Trap Seals meet ASSE standards and are UPC approved.

Quick & Simple

A great alternative to a trap primer, Jones Stephens Trap Seals are easy to install with no special tools needed.

Reliable

Prevents sewer gases from escaping into the room and helps to mitigate backflow. Seal opens to allow the flow of drainage and closes when there is no flow.
