SportsPlay Slide Specifications

The 6', 7' and 8' Independent Slides shall feature a 3.5"OD post support powder coated with 12 gauge thermoplastic coated decking and steps.

The 311-145, 311-433, 421-408, and 421-510 units will feature thermoplastic coated steel steps and decks with 1 3/8"OD, 14 gauge galvanized pipe legs and guard rails.

All plastic slides shall be rotationally molded from heavy duty high-impact polyethylene with UV stabilizers added to maintain color integrity.
