

U-Mount Male-to-Male Adapter

UM-99 / 10486

Features & Benefits

The UM99 turns any .625"-27 threaded hole into a standard .625"-27 threaded male stem. It adds even more versatility to u-mount series accessories like the UM-01 Ball Joint Adapter, the UM5003 Round Clamp, and the UM5006 Square Clamp. Great for stereo mic bars, mic clips, and even devising your own custom MI accessories.

Specifications

Application: Convert .625"-27 female threading to .625"-27 male threading
