

Pedal Board with Gig Bag

GPB3000 / 11733

ON-STAGE ORIGINAL

Features and Benefits

The GPB3000 Compact Pedal Board offers guitarists an ultra-compact and portable board. Measuring 18.7" x 9", this angled pedal board has the room to organize up to 10 standard-size pedals in the ideal signal flow. Its aluminum construction is lightweight yet strong. Strategic cutouts provide a versatile cable management system, while the included adhesive hook & loop strips mean pedals can be securely arranged as desired. What's more, it all fits in its heavy duty gig-worthy bag with removable shoulder strap, and reinforced top and bottom.
