

# Multi-Mic Holder

MSA2700 / 13394

## Features and Benefits

The On-Stage MSA2700 Multi Mic Holder. The choice is yours. You've invested in an impressive array of handheld mics for a reason: each has its precise application. Now, keep them all safely close at hand with the MSA2700 Multi-Mic Holder. Comprised of lightweight, black powder-coated aluminum, the MSA2700 accommodates up to seven wired or wireless handheld mics, all firmly cradled by black silicone inserts for each diameter station. And, with standard threading for mic stand attachment and an attractive, space-saving semi-elliptical profile, your array is ready for deployment exactly where and when you need it.
