

Airgo

Ultra Lightweight and Durable Waterproof Protection

Ultra Lightweight EVA Knee Boot Is Built For Comfort And Durability In All Temperatures

Tiny, self-insulating air bubbles trapped inside the EVA will keep your feet warmer in the cold and cooler in the heat. Lightweight, yet durable, these boots are 100% waterproof and have cleated soles for traction and slip resistance in wet and muddy conditions.

- 70% Lighter than other waterproof rubber and PVC knee boots.
- Seamless construction for 100% waterproof protection.
- Flexible upper material stays supple in cold temperatures to make walking easier.
- Cleated outsole for good traction.
- Tiny air bubbles trapped within the material keep feet warmer in the cold and cooler in the heat.
- Removable polyurethane, contoured insole completes the comfort experience.

70% lighter than waterproof PVC and rubber boots

Cleated Outsole:
Spits out debris for great traction.

Also available in Brown Upper and Brown Outsole

Ideal Applications: Agriculture, Lawn and Garden, Foul Weather, and other general purpose applications.

Chemical Resistance: Fats, certain acids, hydrocarbons, caustics, and other chemicals.
