

Installation Instructions KM 1000/1003 Air Suspension in CIH 5100-5200 Maxxum Series Tractors

KM 1000/1003
Air Suspension
PN: 8130

1. Remove old seat and suspension by removing eight 8mm bolts from the seat mounting plate around the bottom of the seat base. Unplug wire harness from seat . Remove seat from cab.

Note: If a swivel is to be installed follow the swivel installation instructions.

2. Remove seat top from old suspension and install onto new suspension.
3. Install new seat assembly on seat mounting plate with four 8mm 1.25 x 20mm bolts.
4. Install the seat with the attached mounting plate into position and install the eight bolts removed in Step 1.
5. Connect the wire harness supplied in mounting kit to back of the suspension . Feed harness through hole in mounting plate and connect other end of harness to tractor plug located underneath the cab.
