Look for the following icons to determine the fit of a product:

### LOOSE FIT

Cut generously to allow for movement regardless of body type.

### FITTED

Built to follow the contours of the body while still allowing ease of movement.

### STRETCH FIT

Fits tightly using compression fabrics that expand over the body.

The measurements listed are body measurements (in inches), not garment measurements. If your body measurement is on the borderline between two sizes, order the smaller size for a tighter fit or the larger size for a looser fit.
