### PRODUCT FEATURES

- 2 oz. squeezable plastic bottle is refillable.
- Paint is lightfast, weather and water resistant, and withstands many industrial chemicals.
- Unique spring loaded ball point tip produces thick, bright marks that will not chip or fade.
- 16 oz. (432 mL) refill bottles come with a spout to make refilling easy, and help reduce cost and waste.

### TYPICAL USES

- Permanently marks on tough surfaces such as concrete, damp lumber, rusty and greasy metals.
- Perfect for outdoor use in steel yards, recycling centers, construction sites, marking on metal drums, etc.

### SAFETY INFORMATION

- Read SDS before using (available online at [www.umarkers.com](http://www.umarkers.com)).
- Keep out of reach of children. For professional use only.

### Important Information

The technical information and data provided in this PSS should be considered typical and, should not be used as a specification. Applications may vary, therefore, testing is recommended before use. Our Technical Department will be happy to work with you and help you select the best product for your application.
