EV06100™ CR2 REFLECTIVITY KIT

GUIDE TO APPLYING THE STICKERS TO THE HELMET

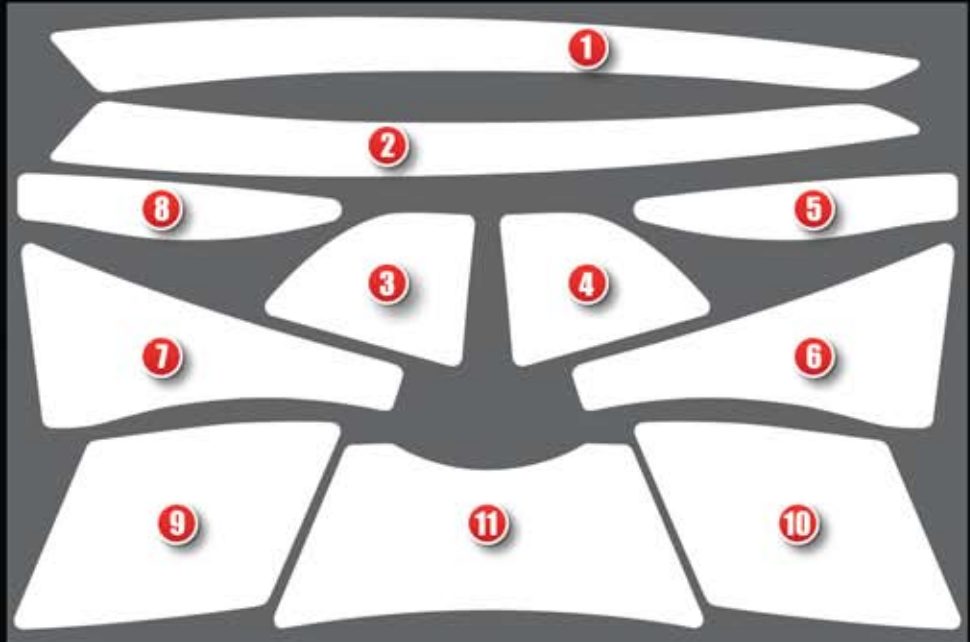

Match the numbered stickers on the diagram to the ones on the enclosed sheet. Then match them with the photographs below and place the stickers on the area of the helmet as shown.

CLASS R2
HIGH INTENSITY
REFLECTIVE MATERIAL

EV06100 CR2 uses Class R2 a high intensity reflective material, offering on average 60%

more reflectivity than standard reflective clothing material (depending on the observation and light angle).

EV06100 CR2 is the biggest step-up in night time visibility / reflectivity of head protection to date.
