Airgo™ Children's Ultralight Knee Boot

Style Number - 21611

Compliance Standards:

Product Detail: Injection molded seamless construction provides 100% liquidproof protection. Flexible upper stays supple in cold temperatures for easier walking. Tiny air bubbles in boot walls keep feet warm in cold and cool in heat. Thumb pocket gives grip so little children can put on their own boots and wrap-around heel kick assists in hands-free removal.

Storage Advisory:

When not in use, avoid exposure to high heat and/or direct sunlight as this can cause the boots to shrink or deform. Do not leave these boots near a radiator or similar heating elements. Do not store them in an unventilated car or truck parked in the sun or in a hot place exposed to direct sunlight.

Product Type: Knee Boot

Insole: Removable polyurethane, contoured insole for added comfort.

Sizes: US Children's 6 through 12

Outsole Tread Pattern: Cleated outsole spits out debris for excellent gripping action.

Color: Black Upper / Black Outsole

Appearance: Boots are clean and free from obvious defects, flash and contamination. The surfaces are visually consistent in texture and contrast with no evidence of foreign material or distortion. Molded products are fully formed, well defined and properly aligned, with level outsoles, smooth seams and neatly trimmed edges. Colors are consistent within and between lots.

Material: EVA (ethylene vinyl acetate)

Closure Type: None

Labeling: Date code, country of origin, and size are marked on the outsoles.

Packaging: Boots are pair packed into a labeled folding carton for individual pair handling or retailing. Packaged six (6) pairs per labeled, corrugated cardboard case.

Applications:

Chemical Resistance:

Country of Origin: Mexico

Other: Testing and certification documents are available upon request from Tingley Rubber Corporation.
