

Be Seen. Be Safe.

Designed for Use in On-Road Applications Where High Visibility and Durability are Desired

Engineered to provide visibility and protection in the toughest work environments.

- ANSI 107 Type R Class 2 and 3 compliant for high visibility. Select styles labeled for dual compliance with CSA Z96.
- Fluorescent Background material for excellent daytime visibility.
- Made from 100% polyester with solid material for increased durability and mesh panels for increased airflow.
- Zipper front closure for easy on/off.

Ideal Applications: For use in environments where high visibility is desired for wearer safety and comfort.
